Dear John,

The Chrysler 300M Enthusiasts Club is a group of members with a passion for the 300M as well as other LH models. Our web site [www.300mclub.org](http://www.300mclub.org) is supported by our membership. Each year our club selects charitable organizations that the club feels are worthy of our support.

The Chrysler 300M Enthusiasts Club is a member-based, non-profit social and recreation club, bringing together people from around the world who are passionate about the 300M.

The vision for this club began with several members of the Edmunds.com TownHall 300M (Sedans) Forum. Putting all the pieces together took months. Sometimes we thought that it might never happen; getting trademark usage permissions from DaimlerChrysler Corporation, brainstorming, organizing, planning. On January 5, 2001, we officially filed as a non-profit corporation in Colorado under the formal name of "New 300 Enthusiasts Club, Inc." (since we cannot use any DC trademarks in our formal name), with a registered assumed name of "Chrysler 300M Enthusiasts Club". On April 23, 2002, the I.R.S. officially recognized the Club as a 501(c)(7) tax-exempt, non-profit social club.

The 300M Club has engaged in a number of charitable acts since its inception. We are a blessed organization with great members and we often share that by helping other worthwhile causes. To see a complete list of other charitable organizations that we have helped over the years please visit <http://300mclub.org/v3charitableactivities.html>.

The Board of Directors has chosen the "Jeff Panek Memorial Foundation" for a \$500.00 donation this year, knowing your fund raising efforts will support "The Victory Junction Gang Camp" in memory of your son Jeff.

The Board and members wish you well in your efforts, and please let us know the results.

Thank You

Tim Steward, President
